

REMARKS

Applicants elect with traverse Group I (claims 1 and 2, drawn to compositions selected from the group flavones).

Applicants do not believe inventions II and III are unrelated to another. The modes of action fundamentally are all based on the same mode of operation, functions and effects of the novel compositions claimed in claims 1 and 2. Therefore, applicants request withdrawal of the examiner's restriction requirement.

A check in the amount of \$110.00 is attached to cover the one month extension fee.

Please charge any shortage in fees due in connection with the filing of this paper, including Extension of Time fees to Deposit Account No. 11-0345. Please credit any excess fees to such account.

Respectfully submitted,
